

A Bray General Builder Ltd would like to thank you for your custom. If you could spare a few words of feedback on the work and service you have received it would be greatly appreciated.

Many thanks

We were certain of the quality from the initial in depth and detailed estimate. Communication was fantastic from the outset, giving us a clear indication of when the project would begin.

It put our mind at ease that the first stage of work would be carried out at their cost, with indication of payment in stages.

Every member of the "team" (company ~~doesn't~~ feels too impersonal to me as the guys were very friendly and approachable) acted professionally, polite and hard working throughout.

The quality of all of the work was exceptional and we were always kept in the loop of next stages with personal input if required. This helped make the project "ours" and not a standard extension as other companies might provide.

We are very happy with the end product, it came in very close to the initial estimate and exceeded anything we could have envisaged.

We/I would not hesitate to use your team/company again and will gladly recommend you to family/friends/colleagues with glowing references!

Thank you very much! Phil & Katy Williams.
