

A Bray General Builder Ltd would like to thank you for your custom. If you could spare a few words of feedback on the work and service you have received it would be greatly appreciated.

Many thanks

When we got to the end of a two month project to remodel and restore a 150 year old terraced house in Flushing, my partner said "I don't think we could have found a better builder".

That pretty much sums up our experience with Tony Bray and his very talented team. The house had been modified in the past on a piecemeal and not always effective basis. Nothing is standard and the space was cramped and badly laid out in some areas. Advice from Tony and his son Richard allowed us to achieve the best solutions for the problems that cropped up during the process. With Tony's help we turned a one double, two small single bedroom house into one with two doubles and one single. Lumpy walls and ceilings were smoothed, floors strengthened, levels corrected and the house transformed into a practical and stylish living space. This was all done on time and within our budget while at the same time spotting and fixing a structural defect that could have caused a disaster.

So quite simply, I would highly recommend A Bray Ltd. to anyone looking for great service, craftsmanship, quality and reliability at a fair price. People may quote more cheaply to begin with but what you get with Tony is no-nonsense value for money.

Joss Campbell, 34 Coventry Road, Flushing
